USE OF ENGLISH I

Below is another letter to an advice column but this time some words are missing.

About a year ago I had a bad quarrel with my father. (1) then we have hardly spoken to each other. I would apologize if I felt that the quarrel was my (2). But I don't think it (3). It all began because he criticized the man I was (4) out with and I told him he had no right to (5) in my personal life. This (6) him very angry.

A few months (7) the quarrel, I discovered my boyfriend was (8) an affair with another woman, and as a (9) of this, we broke (10). But I still haven't (11) my father about the break up even though I phoned him recently to (12) him a happy birthday. He sounded very cool and I didn't feel (13) continuing the conversation any longer than necessary.

Unfortunately, I need a new car, as my old one has (14) down and can't be repaired. But I am rather (15) of money. I know my father (16) lend it to me if I asked him, but I don't want him to think this is the only (17) I have contacted him again. However, if he finds out that I have (18) the money from a bank before asking him, he will probably never (19) me.

What (20) would you give me?

Here are five of the missing words. Where do they belong? Can you guess the other fifteen?
